COUNTY NEWS IN REVIEW

Two-way Radio—

Two-way police radio will be installed in Hillsborough and an actuarial survey will be made in connection with establishing a retirement system for the city's employes as a result of action taken by the city council Monday afternoon.

Installation of the new radio system—which involves setting up a central receiving plant in conjunction with the present sending apparatus—will be accomplished within a month or two.

Ships—

Second keel of the five ships to be built by the Western Pipe and Steel Co. of South San Francisco under a $10,635,000 contract with the Federal Maritime commission, was laid last week.

Meanwhile, company officials disclosed that the first of the cargo-ships to be constructed in South San Francisco's shipbuilding revival will be completed and launched about the third week in June.

Fair For '40—

Inclusion of $100,000 for county exhibits in the state appropriation for the Golden Gate International Exposition for 1940 will relieve the county of all maintenance and operating expenses, according to County Executive Frederick Peterson, member of the state commission which will supervise all expenditures.

"All the counties will have to do is to renovate their exhibits," he said.

Livestock Show—

If funds are made available by the State of California, the American Hereford association will present a livestock show at the "cow palace" in Visitacion Valley, October 16-23, according to officials.

Leaders said that efforts are being made to have the state reallocate fair and exposition funds so that the livestock pavilion will receive the same allocation as the state fair at Sacramento and the Los Angeles County fair.

Looks to 1940

It won't be long now. With May 25 set as the opening day of the 1940 Golden Gate International Exposition, graceful Marie Dowel (above) takes a deep breath of the Treasure Island ozone as she stands before this heroic figure in the Temple Compound. Marie symbolizes the reawakening spirit currently active as Treasure Island's staff and ground crews prepare for the gala opening day.

Mrs. Sue Hopman Presents Resignation

Mrs. Sue Hopman, Daly City Water department clerk, presented a resignation from office at Monday evening's council meeting. For the past twelve years Mrs. Hopman has served as a clerk in the water department. Her efficient and courteous service has earned the praise of her superiors and the friendship of Daly City water users.

Miss Irene Twesten has been appointed to fill the vacancy left by Mrs. Hopman. Miss Twesten comes well qualified to take up the duties of a water clerk. She was graduated from Jefferson Union high school in 1934, San Mateo junior college in 1936, finished a secretarial course at one of San Francisco's outstanding business colleges, and at the present time is in the employ of a San Francisco wholesale chemical firm.

Mrs. Hopman's resignation will become effective, March 15.

Order South End Work To Proceed

Overruling protests and refuting sensational charges of illegality made by the Associated General Contractors of America, the Daly City council Monday evening authorized work to proceed on the $250,000 WPA South End streets improvement project.

More than one hundred persons thronged the council chambers in a meeting that was unprecedented here for tense emotions and rapid-fire action.

High point of the excitement was reached when August Conci, proprietor of Lake Merced Nursery, tangled with Claude McGovern, alleged San Francisco labor agitator. Cause of the fracas was a derogatory epithet hurled by the labor unionist at a lawyer defending the project. It required the intervention of Police Chief Barney Hilton to quell the near-riot.

Only eight out of approximately 500 property owners in the district entered written protests. This represents less than three per cent of the property involved, according to City Engineer Julius F. Castelan, and comprises only 717 feet of the 25,000 feet affected by the project.

An outside protest was received from the Building and Construction Trades council of San Mateo county. The letter condemned the "city council and the WPA in performing work for private property owners to the detriment of the construction industry."

A letter from the Associated Contractors of America attempted to prove that the proceedings were illegal, citing instances of imprisonment for using WPA funds for the "benefit of private property owners solely" and urging upon individual Daly City councilmen the immediate and complete abandonment of the project to the best interests of their "own personal security."

The charges were emphatically denied by A. J. Scampini, San Francisco legal expert on municipal law, who demanded the floor in behalf of the property owners in the improvement district. He charged that William D. Coughlin, special representative for the Associated Contractors, had cir-

Cats And Dogs And Traffic Jams

Rains sometimes bring strange things—but seldom a deluge of traffic. But traffic, and lots of it, was what Monday night's storm brought to Daly City.

The downpour Monday night loosened highway cuts and grades on the Bayshore highway near Brisbane and on the coast highway between Sharp Park and Skyline boulevard. Slides completely crossed both the Bayshore and coast arteries and shifted all traffic through Daly City. Tuesday morning traffic on Mission street for a period neared bottleneck capacity.

The storm which has brought more than 3 inches of rain during the past week caused little damage locally.

Rainfall tabulations from the United States Weather bureau totaled yesterday:

1940	1939	Normal
18.15	8.86	16.13

Enrollment Tops Four Thousand

Recreation enrollments in Daly City last year totaled 4,456 persons, according to the WPA Recreation department yearly report presented to the city council, Monday night, by Bruce H. Boynton, local recreation department head.

Comparing enrollment figures to public school attendance, which is approximately 2,300, it was pointed out that a great number of recreation enrollees were adults.

Total participation was 103,845, with sports participation 19,796.

Special Measures For Control of Rabies

Special emergency measures for the control of rabies were taken this week by the San Mateo county department of health, urging all persons to use extreme care in handling pet dogs and cats.

Included in an emergency bulletin were the following suggestions:

1. Do not permit stray dogs in playgrounds or other places where

Prankster Causes Unnecessary Ducking

Daly City firemen and water department employees received a good ducking in the pouring rain Wedneday afternoon, when a would-be joker at Jefferson Union high school turned in a false alarm from the gymnasium.

Companies No. 1, 3 and 6 responded, as well as several members of the water department. Identity of the offender has not yet been determined.

Local Election April 9

(Editorial Comment—Page 4)

Daly City's political front stirred to life this week when four incumbent city officials revealed to The Record their intention to again become candidates for their respective offices at the local election to be held April 9.

Councilmen John J. Fahey and Edmund Cavagnaro, City Treasurer Mrs. A. L. Stockton, and City Clerk B. C. Ross announced they would file papers, before the March 9 deadline, to place their names on the ballot.

It is rumored that several other candidates will enter the field before the deadline a week from Saturday.

Set Polling Places

By resolution Monday night the council set polling places for the election. Nine consolidated precincts were established and the following addresses were designated as polling places: precinct A will be Company No. 5 fire house, Bellevue avenue; precinct B—Company No. 4 fire house, Pe-

Car Strikes Martin Rasmussen

Martin Rasmussen, 43, 751 Niantic avenue, is in a critical condition at the Junipero Serra hospital as the result of an accident, Friday, at Mission and Flournoy.

Hit by a car driven by William Hutchings, tavern owner, 2649 Folsom street, Rasmussen was found later on the sidewalk in front of the Alemany emergency hospital in a serious condition.

Transferred to the Junipero Serra hospital, he was described as suffering from several broken ribs, possible lung puncture, bruises and lacerations.

Hutchings was booked by Daly City police on reckless driving charges and later released on his own recognizance. His case comes up in the local court, Friday.

Council Grants Permit For Busses

Market Street Railway company has been granted a permit to operate motor coaches along San Jose avenue. The permit, issued by Daly City Council at Monday night's meeting, will assure faster commuter service to San Francisco via San Jose avenue, Guerrero street, Eighteenth street, and Mission street, according to E. C. Regan, superintendent of transportation, Market Street railway.

The new coaches will go into service about May 15. It is expected that their runs to the ferry building will require little more than 35 minutes. As soon as motor coach service is inaugurated, the No. 9 street cars will discontinue

Shinazy Thrown Clear Of Cement Sidewalk

Only the fact that he was thrown far enough to clear the cement sidewalk and land on sand, saved George Shinazy, Eighty-seventh avenue, Colma, from possible serious injuries, when the car he was driving collided, Saturday evening, with an automobile driven by Grant Smith, 258 Templeton avenue. The accident occurred at the intersection of Hanover street and Crocker avenue.

Wayne Chapin, riding with Shinazy, grabbed the roof of the car as they were struck, braced himself, and was not injured. Smith also escaped injuries.

Shinazy was taken to Junipero Serra hospital where he will have to spend several days recovering from bruises and lacerations. His condition is reported not serious.

Chapin and Shinazy are both students at Jefferson Union high school.

Faculty Entertain Students

Jefferson Union high school faculty members proved their versatility, last Wednesday, at a student body assembly, when they reversed the usual procedure and entertained the students instead of being entertained by them.

Audience enthusiasm reached a new high pitch as the usually dignified instructors threw caution to the winds, portraying satire, caricature and pathos with the master touch of veteran troupers.

James Ferguson presented the Minnie He-Ha Players in an original melodrammer, "The Villain Still Pursued Her," by Arthur LeRoy Kazar, directed by that producer of masterpieces, Sigfred Hansen.

The cast of characters included John Handout (father), Thor Krogh; Emaline Handout (heroine), Martha Springer; Mary Innigin (maid), Ella Redkey; Lena Handout (mother), Effie Anderson; George Grabum (villain), Lionel Gray; Jack Screwluce (hero), Durant Moseley; Lizzie Leeping (Authoress), Juanita Young; Jim Spyut (detective), Claude Hackley.

The program was opened by Emcee James Ferguson, attired in top hat, tails, and carrying a cane,

Speedsters Land In Judge's Court

Several speedsters put in an appearance at Judge Wade H. Clay's court on Friday to pay fines ranging from $2.50 to $15.

Offenders included James Fleece Rinehart, 1025 Cabrillo avenue, fined $15; Renville John Healy, Redwood City, $5; Fred Mead, 2578 Thirty-first avenue, $10; Francis Bing Lai, 730 Washington, $2.50, and Lawrence Silvio Verna, South San Francisco, $2.50.

H. J. Davis, 825 Cole street, was fined $2.50 for disregarding a signal, as was Charles William Tozier, 768 Ninth avenue.

Elmer Gates jr. and Elmer Gates sr., both of South San Francisco, forfeited a $10 bail for disturbance of the peace. Billy Friedman, South San Francisco, forfeited a $10 bail on the same charge.

Buick Extends Coverage In Field Of Custom Cars

"Extension of Buick's coverage of the custom car field has been signalized with the introduction of the Buick town car on the series 70 Roadmaster and series 50 Super chassis, with custom built bodies by Brunn," said M. J. Soldavini, Belli Motor company, Colma and Daly City, when interviewed today.

According to Harlow H. Curtice, Buick president, the new model becomes an addition to the company's line of 1940 cars and is built to special specifications which adapt the best features of Buick's modern streamline design to this unusually formal type of car.

The new town car combines all the features of modern design and styling with special construction and details of finish and trim required for the exclusively chauffeur-driven vehicle. With the new Buick body styling introduced this year, the car is particularly noteworthy from an appearance standpoint, having long, low lines accentuated by the open convertible type driver's compartment and completely enclosed tonneau.

Costly fabrics, fitted for maximum comfort over hand-built cushions and seat backs, armrests and interior panels, are used in the interior with harmonizing garnish moulding and hardware. The passenger compartment is done in two tones of tan broadcloth, with the darker shade used in seats and seat backs and the lighter shade for top and side panels. This custom finish is characterized by skillful draping and plaiting of materials in the cushions and seat backs.

The Buick town car on the series 70 Roadmaster chassis has a 126-inch wheelbase and is powered by a 141-horsepower valve-in-head straight eight engine. On the series 50 Super chassis it has a 121-inch wheelbase and is powered by Buick's 107-horsepower, straight eight valve-in-head engine.

Song Bird Club

Late in the eighties the Portland (Ore.) Song Bird club, a society for the introduction of useful song birds, was founded. This organization raised considerable money and imported many birds between 1888 and 1907. It nearly succeeded in establishing the skylark in the neighborhood of that city between 1889 and 1908. The species certainly bred in the neighborhoods of Portland, Salem and Gresham, and existed for 20 or 30 years. The bureau believes that one of these colonies is thriving at the present time.

New State Planned

A new plan has been devised for making a forty-ninth state of New York city, Long island, up-state New York and chunks of Connecticut and New Jersey.

BOUND FOR MEXICO

On completion of his new picture "Strange Cargo," Clark Gable, MGM star, left for the wilds of Mexico in his new Buick Estate Wagon, with which he is shown above, on a two-weeks' hunting and fishing expedition. A luggage rack and the spare tire were installed on the roof, making all of the spacious rear compartment available for the film actor's camping and outdoor equipment.

Genuine— it Pays to Pay Enough!

TO SOME people, this spruce and sprightly Buick SPECIAL may be just one of those ambitions they hope some day to achieve.

But if you ask owners—especially those who have stepped up to Buick from the lowest-price field—you'll find it's really an eye-opener to a new and sounder slant on automobile buying.

Actually, the money difference between lesser cars and this nimble traveler is smaller than most people think. And when you've driven a Buick a while you find that spending these few extra dollars is really the soundest kind of economy.

They buy more power. They buy more room. They buy the matchless comfort of all-coil springing and the welcome feeling of having come up in the world.

They also buy more automobile. A bigger, solider, more durable frame. A husky, time-defying chassis. Top-grade materials, superfine precision, "on the money" craftsmanship, things that make the difference between an adequate car and a good one.

You get your money back in tangible things, such as engines balanced *after* assembly, wider outlook through Safety *Plate* Glass only, some six dozen features from automatic choke to the Flash-Way Direction Signal with automatic cut-off.

Every mile you drive you'll see how you profit by spending enough to get something really good.

And what you spend, as you'll see if you call on your Buick dealer, is less than you're asked to pay in some places for a six!

Not a six but an EIGHT for $895 and up delivered at Flint, Mich.*

*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

The model illustrated is the BUICK SPECIAL *model 41 four-door touring sedan $996 delivered at Flint, Mich. White sidewall tires additional.**

"One Lump Or Two?"

"One lump, or two?"—How many times have you heard your hostess ask that question at a tea or bridge party?

It is just as simple for her to give you three lumps in your tea or coffee, as it is for her to give you one.

She doesn't have to hoard her sugar or treat it as a luxury, for when her supply runs low she can step to the phone and order more—a hundred pounds if she so wishes, and pay less than five cents a pound for it.

The hostess in Italy is faced with a different situation, says Johnny Stanghellini of Lucca Ravioli company. Sugar is a precious item there. A housewife pays nearly 20c for a single pound when she receives her pro-rate amount each month. When sugar is served with coffee or used in desserts it is a gala day indeed!

"This will give you an idea of the sugar situation in the old country," explains Johnny.

"Our customers, who have been sending thousands of pounds of green coffee to Italy, are now sending sugar, too," he continued.

"We have been shipping hundreds of pounds of sugar each week for our customers, along with coffee.

"A duty of approximately 14c a pound is paid on sugar entering Italy," added Stanghellini.

The general idea of the bicycle is suggested in ancient carvings, but the machine was not successfully developed until the Nineteenth century.

Three-Time Loser Sentenced To Jail

Mrs. Lillian Herald, former Colma tavern owner, became a three-time loser on narcotics charges in Redwood City when she was convicted of possession of morphine and sentenced to serve 30 days in the county jail.

Coincident with the judgement, the county probation officer announced he would file an order with the district attorney's office ordering revocation of probation for Mrs. Herald, who is also known under the names of Boni, Moore, and Bonasetti, on a Colma conviction in 1938 in which she was found guilty of transportation and sale. She was admitted to three years probation and had a 90-day jail term suspended.

The deputy district attorney who prosecuted the case yesterday said that a hearing on the revocation order will be held and that if the order stands, Mrs. Herald will be resentenced on the former charge.

Mrs. Herald was given her preliminary trial in Daly City under Judge Wade H. Clay, last December.

Enrollment Tops Four Thousand

Federal money spent in Daly City for recreation amounted to $11,674, and the city's expenses were $3,007, which was slightly over two cents per person participating.

A list of various sports and special events which the recreation department had sponsored were given, and included basketball and baseball league, tennis, horseshoe, archery, marble, croquet and kite flying tournaments; Easter Egg hunts, May Day celebration, Community night, turkey shoot and Christmas party. It was brought to attention that there is a balance of $75 which can be used for the proposed 1940 Christmas party.

Mentioned, too, was the little theatre group, who had given performances at Jefferson Union high school, Treasure Island and Laguna Honda home.

The report concluded by thanking the city council and recreation committee for their wholehearted support in 1939.

In regard to the action taken to date by the council, Scampini declared: "These proceedings are in absolutely valid legal order as they stand today." Heavy applause followed his remarks.

Councilman Henry Sundermann defended the project, asking "Who are opposing the project? If the City of Daly City is satisfied, if the WPA is satisfied, if the taxpayers who will have to pay the bill are satisfied, why should any one else object?"

Following Sundermann's statement, the audience again applauded heartily.

Placed under oath, City Engineer Julius F. Castelan stated that the project would benefit the city as a whole, that no substantial change had been made in the specifications and that the cost to the taxpayers had been reduced from $87,738 to $75,479.

Castelan explained today that by using WPA funds the project would cost tax payers approximately $3.50 a foot as compared

who bemoaned his age with a song named "When I Was Twenty-one."

The piece de resistance was the touching melodrammer which proved that right prevails over might, crime does not pay, and Heaven will protect the working girl.

John Handout, Colonel of the Old School and master of a southern plantation, is deeply shocked when the maid, a nervous type, with her slip showing, informs the family that the chimney, as well as the hole in the roof that the chimney fitted in to, has been stolen. The Colonel's lady, Mrs. Handout, is also shocked; the heroine, Emaline, is shocked; in fact everyone is shocked.

Spyut, the super-sleuth, is called in, complete with forward and reverse hat, curved pipe and magnifying glass, and clumsily frightens Lizzie Leeping, authoress, who looks like a pre-civil war edition of Elza Poppin, into a dead faint.

The hero appears, and after promising his soul, becomes engaged to the beautiful but very dumb Emaline.

The Climax! Enter the villain, with (you guessed it) the mortgage in one hand, and twirling his handle-bar mustachio with the other hand.

The poor family are about to lose their old homestead. But wait—the villain is recognized. The hero, although short on brains has a good memory for faces, and recognizes the villain as the beast who stole second base at the last game with Washington.

The villain sees that the jig is up, and upon threats of being sent to the jug, allows the hero to tear up the mortgage. (P. S. They all lived happily ever after.)

Assisting to inspire pathos and depth of feeling and adding to the superb artistry of the actors, was the Indiola-Sympathy orchestra, under the direction of long-haired, bewhiskered Maestro Arthur Quirmbach, supplying touches of mood music throughout the play.

Members of the orchestra were: Oscar Busch and Albert Biggs, trombones; Dante Lembi, saxophone; Jack Chapman, Dorothy Pendergast, Marjorie Robinson, Dorothy Smith and Edna Smith, violins; Georgia Busch, cello; Truman Bentley and Clive Saiz, trumpets; Robert Brand, string bass; Beauel Gibbins, piano; Elizabeth Jones, flute; John Matthews, oboe; John Mongan, bassoon; and Dietrich (Krupa) Vollbrecht, drums.

Costumes were by Faith, Hope and Charity, Inc., scenery by Miss Hap, lighting effects by Kill O'Watts, sandwiches by cafeteria, and programs by Al Marcucci and P. Filios.

Remarked Principal James Ferguson after the performance, "The faculty will never be the same."

The average age of passenger cars in use in the United States is estimated at 4½ years.

TROOP 101 DEFEATS TROOP 141 SCOUTS IN THRILLING GAME ON VISTA DIAMOND

Boy Scout Troops 101 and 141 initiated the Vista Grande park diamond, Thursday morning, when they played nine innings of some of the most exciting softball ever seen in Daly City.

Mayor Paul G. Selmi pitched the first ball, and officially started the game.

In spite of occasional rain and a soft and mushy infield, the boys packed a thrill a minute into every inning. Score: 10-7, favor 101.

Troop 141 got the lead early in the game, but it looked like it was lost in the sixth, when with three on and two out, Parmisano hit a hard one over second. Paul Underhill ran backwards, got under it, and executing a catch worthy of a professional, retired the side.

In the eighth, 101 rallied again, and with the bases full, Billy Rode hit a three bagger that brought in three runs. Three more runs were brought in that inning. Glen Goode made the only homer in the game. Umpires were Downie and Ringsdorff.

with approximately $8.50 a foot if the job were not government subsidized. He claimed that the loss of this possible $40,000 profit on the job was the real reason behind the contractors' opposition. He said that the $50,000 sponsors' contribution was fully covered by 10-year assessment bonds.

Other speakers at the session were R. Gerhardt, business representative of Material Teamsters No. 203 of San Francisco and James Rickets, business representative of the building trades council of San Francisco, who protested WPA competition to private industry. Amid cries of "boycott" from the audience, they declared that they considered it only fair to state their position on the matter to the city council.

"Don't you think it's a little late to explain all this after work has already begun when we have been considering this job for the past several months?" questioned Mayor Paul G. Selmi. "Furthermore your complaint is with the WPA in Washington, D. C., who allots this money, and not with the city council."

Terminating the heated discussion on the South End streets project the Daly City council voted unanimously to call for bids from contractors to the amount of $75,479 for materials, equipment and incidental expense. Bids will be opened, March 11.

Joan Bennett Stars In Romance At D. C. Theatre

Joan Bennett, who has become even more alluring as a dark-tressed glamour girl, is cast in a light comedy role as the heroine of Hal Roach's new screen romance, "The Housekeeper's Daughter," which is scheduled for its initial showing tomorrow at the Daly City theatre through United Artists release. Miss Bennett is co-starred with Adolphe Menjou in the new production, and their supporting cast reads

Joan Bennett

like a galaxy of Hollywood's best known celebrities.

The story of "The Housekeeper's Daughter" concerns the mad happenings which take place in the swanky home of the socially prominent Randalls when the scion of the family falls in love with alluring Hilda, the housekeeper's daughter, and becomes involved in the mysterious murder of Gladys Fontaine, the Broadway actress. Robert Randall, played by John Hubbard, remains in town for the summer while his family is sojourning at a glittering sea resort and almost single-handed breaks open the crime. But not before his fashionable house is overrun by a mob of gangsters and newspapermen. With romance and crime marching side by side, a hilarious climax is provided in a big fireworks scene.

Companion feature on the new bill is "Secret of Dr. Kildare," starring Lew Ayres and Lionel Barrymore.

Bob Fessenden Trains Ring-Necked Dove

Training animals is the lifetime hobby of Bob Fessenden, proprietor of Westlake market.

Bob's latest "discovery" is a ring-necked dove he rescued from angry blackbirds two weeks ago. The dove now eats out of Bob's hand, answers to the name of "Sweetheart," and "shows off" at the slightest provocation.

Fessenden's first attempt at training animals ended successfully, when he taught a work horse to pick up a twenty-five cent piece, deposit it in its feed box, and return it on demand. The horse never once short-changed its master, thus giving Fessenden the confidence to continue his animal, and of late, his bird training.

Hand Signals

Hand signals are important. When the driver ahead holds out his hand, do not take it for granted that he is signalling correctly. Perhaps he intends to stop, or turn right, or turn left, or perhaps he is just pointing out the beauties of the countryside, or flicking the ashes off his cigarette. Slow down—stop, if necessary, until you are sure what the driver ahead intends to do.

We can all improve our signalling technique. Hand signals should be given with military precision, not a languid hand drooping out the window of the car, or a wriggling finger that indicates absolutely nothing.

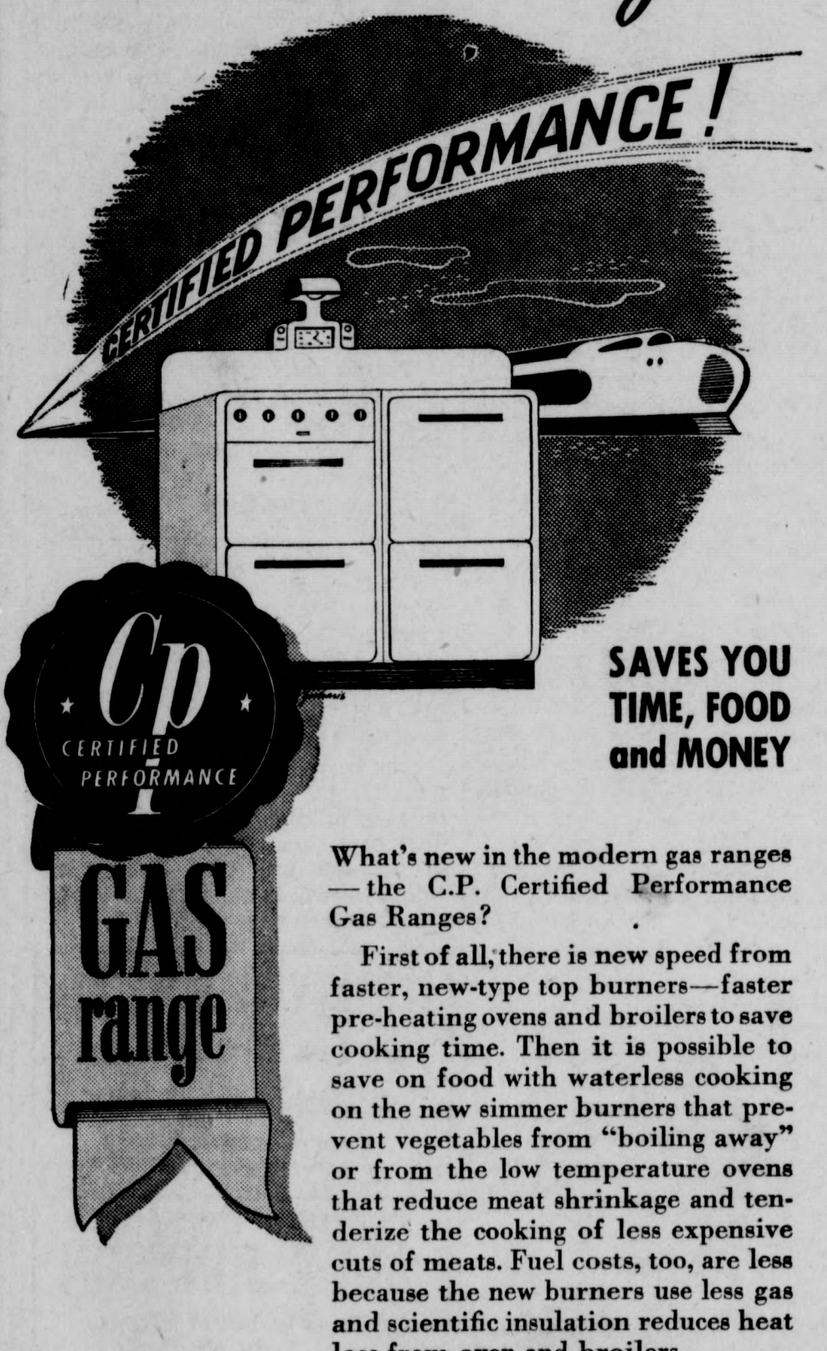
COOK the New Way!



SAVES YOU TIME, FOOD and MONEY

What's new in the modern gas ranges — the C.P. Certified Performance Gas Ranges?

First of all, there is new speed from faster, new-type top burners—faster pre-heating ovens and broilers to save cooking time. Then it is possible to save on food with waterless cooking on the new simmer burners that prevent vegetables from "boiling away" or from the low temperature ovens that reduce meat shrinkage and tenderize the cooking of less expensive cuts of meats. Fuel costs, too, are less because the new burners use less gas and scientific insulation reduces heat loss from oven and broilers.

These are a few of the advantages of the modern C.P. Gas Ranges. You can enjoy them now in your home. Right now, too, you can save money when you buy your Gas Range. Spruce up your kitchen for spring. Save Ten Dollars on a new Gas Range.
